

VONDEL
PARK /3
KITCHEN & BAR

What is Keto?

k

Ketosis (or Keto) is a natural metabolic state in which your body switches to fats as fuel instead of sugars, so that you no longer derive your main source of energy from carbohydrates like bread, rice, pasta,

potatoes. But from healthy fats such as extra virgin olive oil, avocado, nuts, seeds and real butter. You'll make your body a natural fat burner.

FOR GROUPS

Are you looking for a place to dine with a group in the centre of Amsterdam? You have come to the right place! More information about our venue, possibilities and corresponding rates can be found on our website:
